aero

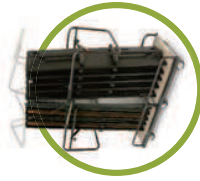

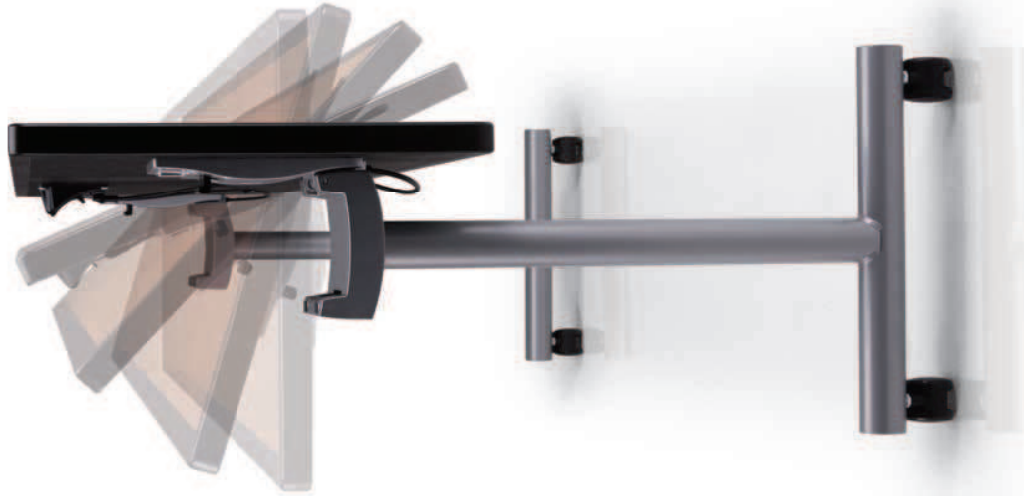

aero

Quickly and easily set up and take down your training, banquet or learning facility with the Aero table system. The table tops feature a "gorilla tough" SMARTedge™ that is not only rugged but 30% of the material is derived from vegetable oil. We offer fixed rectangles and rounds, square and round X-bases, and flip top nesting rectangles, rounds and squares.

The AERO Go version makes the AERO even more mobile, giving almost anyone the ability to easily move the table.

We offer two heavy-duty cart versions. Store up to 12 tables on large cart and 6 on small. Both options turn on a dime and fit through a standard 32" door by storing the tables vertically.

table

The lightweight folding or flip top version features a frameless lightweight top and a super durable, easy to operate folding mechanism.

Revolutionary foam core construction provides the ultimate in structurally sound lightweight tops and panels.

An optional table connector not only holds the tables together it also ensures the tables are level.

The Aero Table System offers optional modesty panels. Choose from black mesh or silver mesh featuring a pocket wire management trough or phenolic laminate featuring a metal wire management trough.

AERO table options:

-  lightweight tabletop
-  30% vegetable oil based edge
-  UV resistant
-  seamless edge
-  SMARTedge (antibacterial/antifungal)
-  fits through commercial doors (cart width 32")
-  tough and durable
-  locking heavy-duty cart casters
-  custom logo graphics
-  no linens required
-  tight turning cart—radius of 27", 360° maneuverability
-  fixed top
-  flip top
-  folding
-  modesty panel
-  Go mobility
-  electrical / data
-  Table connectors

flexible furniture

Revolutionary mobile booth system

- Easily reconfigured
- Nestable
- Lightweight
- Dual-wheel casters
- Fixed version

CHARIOT™

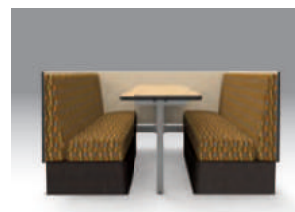

CHARIOT mobile booth

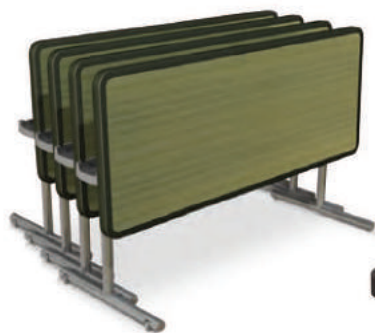

The need for dining spaces to serve multiple roles requires dining furniture to be more mobile, flexible, easy to reconfigure and store. Existing furnishings do not accommodate that very well, that is until today. Introducing a revolutionary mobile, fold-able booth system called **CHARIOT**. The mobile **CHARIOT Go Bench** features a seat that folds up and built-in casters allow the whole bench to be wheeled away for easy reconfiguration or storage.

booth and table

The contemporary styled **CHARIOT Fixed Booth** system features, a heavy-duty frame built to withstand the rigors of heavy use and a clean out gap between the seat and back for easy cleaning and maintenance. The CHARIOT fixed version features an optional laminate skirt that provides a “built in” look and allows for another design element to express the image you desire.

The **CHARIOT Go Table** features built-in casters that when stationary is rigid and does not move—the casters are activated by picking up the end of the table allowing it to be easily moved. The CHARIOT tops feature an antimicrobial, antifungal and highly durable urethane “SMARTedge” that will not allow liquids to gather or seep into the seam between the laminate and the edge. Available in fixed, folding and flip-top versions.

CHARIOT GO Panels (mobile panel dividing system) enables you to divide booths and reconfigure spaces while allowing the ability to store panels quickly and easily when they are not in use. Panels are available in solid laminate or in laminate with a decorative upper insert. The insert can be decorative acrylic, metal, etched glass, laminate or design your own with creative materials or signage.

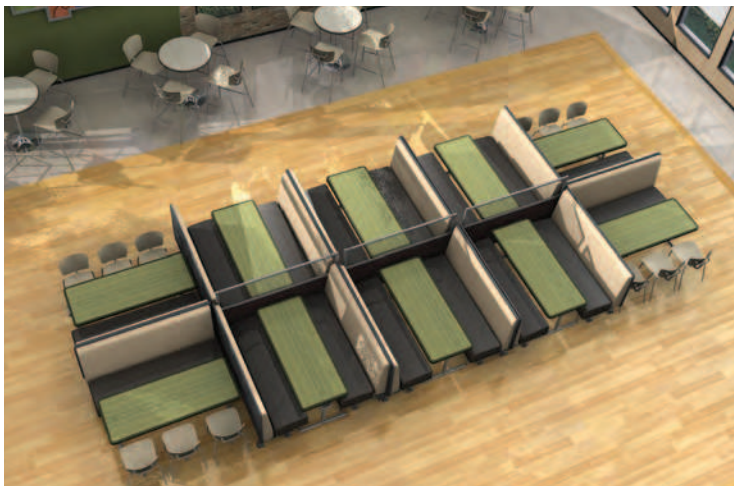

CHARIOT seat back panels are available in different heights and shapes and are customizable.

Flexible- The CHARIOT system adds the ability to move and change your dining facility as required. You can go from a traditional cafeteria setting to a training setting to a public seating setting very easily, all with the same furniture.

Cool- the CHARIOT system allows for age-appropriate design that accommodates more students with increased seating and managed traffic flow creating an inviting, safe and fun environment for all to enjoy.

Durable- The CHARIOT system and all of Palmer Hamilton's dining products are manufactured to withstand the rigors of high-use dining. With over 100 years of dining design experience we know what it takes for your furniture to last. We guarantee it!

Fiberglass seat and back is perfect for heavy-use applications. Choose from over fifty "Poly Stone" colors. Select a color from www.acstone.com/poly-stone-color-collections/ or call us for an actual sample or color sheet.

Fully upholstered seat and back is ideal for creating that perfect image. Choose from our standard fabric offerings or supply your own fabric or vinyl.

Fiberglass seat and a upholstered back gives you the durability you require while allowing for the higher-end look your desire.

Upholstered seat and a fiberglass back allowing for maximum comfort, high durability and easy cleaning.

Specs:

CHARIOT Go Booth

CHARIOT Go Booths are available in 42" 48" and 60" widths. Back panels are available to match CHARIOT Go Panel heights; 37" (standard), 42", 54", 60" and 66" off the ground.

CHARIOT GO Table

Available in 24" and 30" depth with 42", 48" and 60" lengths. Available in Fixed Go, Flip Go and Folding Go. All with easing moving built in casters.

CHARIOT Go Panels

Available in 37h" (solid), 42h" (solid), 54h" (solid), 66h" (12h" insert) or 72h" (18" insert). Lengths are 37.5", 42", 48", 60" and 75" Solid or with insert— specify graphic laminate, decorative acrylic, decorative metal or etched glass to reflect the look you desire.

CHARIOT Fixed Booth

Available in 42", 48" and 60" lengths Side and back panels are available in 37h" (solid), 42h" (solid), 54h" (solid), 66h" (12" insert) or 72h" (18" insert).

Other:

Edges: SMARTedge or EdgeGuard
Frame Colors: Metallic silver or black
Skirt option: A laminate skirt option is available on fixed models.

19f BENCH TABLE

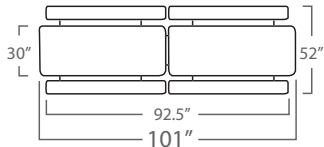

TABLES SHOWN 19F06293012

FEATURES & BENEFITS

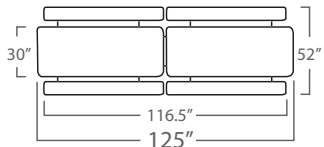

- ▶ **DoubleGuard®** enables tables to be stored folded flat for compact storage. *Store more tables in less space!* Meets and exceeds current UL anti-tipping safety standards. *Safety is first priority!*
- ▶ **Lift Assist System™** with compression springs provides smooth, controlled operation. *One of the easiest lifting tables on the market.*
- ▶ **Patented Anti-glide Legs** are spring loaded with cushioned rubber feet to prevent table movement. *Self-adjust to floor.*
- ▶ **Patented Center Latches** lock automatically in up or down positions. *Field-adjustable to accommodate varying floor conditions.*
- ▶ **Door Clearance** is not a problem; our tables easily clear standard 7' door frames. *Tables can be easily moved throughout your building.*
- ▶ **Field-adjustable Table Height** is industry exclusive and provides either 27" or 29" heights. *Adjusts to accommodate your everyday needs.*
- ▶ **Poly II Caster Wheels** provide excellent floor protection, abrasion resistance, high impact strength, and easy, quiet operation. They are non-marking and resistant to water, oil and most chemicals. *Tables move with little effort on these long-lasting wheels.*
- ▶ **EdgeGuard™** is a sprayed on polyurea treatment that provides superior resistance to moisture, eliminates unsanitary food traps, and is extremely tamper resistant. *Top edges stay sealed, preventing edges from peeling and chipping.*
- ▶ **Powdercoat Finish** creates a harder finish that is tougher and longer lasting than conventional paint. *Reduces chips, scratches and protects frames.*
- ▶ **Wilsonart® Laminates** are abrasion resistant and meet or exceed NEMA specifications. *Less scratching, fading, and staining.*
- ▶ **Options** are available in frame finishes, EdgeGuard™ colors, and laminate colors and patterns. *Coordinate with your theme to achieve the desired effect.*
- ▶ **Customized Graphics**, including school mascot and colors, promote school pride. *Always the first tables filled.*

ANTI-GLIDE LEGS

Spring loaded with cushioned rubber feet, these patented legs prevent table movement when in use and protect the floor.

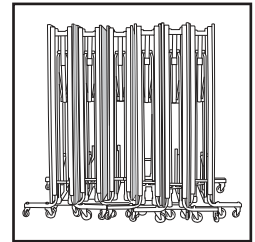

FLEXIBLE OPERATION

Field-adjustable down latches secure the tables and benches in the down position, even with varying floor conditions.

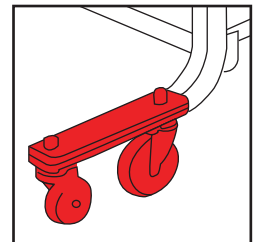

COMPACT STORAGE

Six tables require less than a 5'x 8' footprint. Each additional table adds 11" to the nested depth. INDUSTRY LEADER!

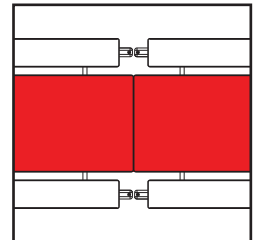

DOUBLEGUARD®

Prevents tip-over when tables are moved in storage position. Meets and exceeds current UL anti-tipping safety standards.

EXTENDED TABLETOPS

Tabletops extend past DoubleGuard® to provide extra room per student and end-to-end positioning.

59tv STOOL TABLE

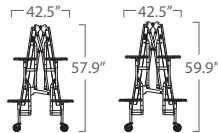

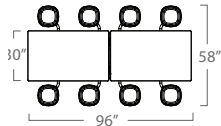

TABLES SHOWN 59TV10273012-S12

FEATURES & BENEFITS

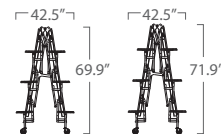

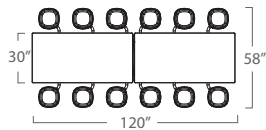

- ▶ **Torsion Bars and Torsion Springs** work together to provide long-lasting lift assistance.
One of the easiest lifting tables on the market.
- ▶ **Robotically Welded Legs** for consistent quality.
State-of-the-art innovation from design through production.
- ▶ **Center Legs** provide additional load-bearing capacity.
Holds up to the rigors of today's school environment.
- ▶ **Door Clearance** is not a problem; our tables easily clear standard 7' door frames.
Tables can be moved anywhere in your building.
- ▶ **Storage Latch** secures table in upright position. *Locks table for storage or moving.*
- ▶ **Poly II Caster Wheels** provide excellent floor protection, abrasion resistance, high impact strength, and easy, quiet operation. They are non-marking and resistant to water, oil and most chemicals.
Tables move with little effort on these long-lasting wheels.
- ▶ **EdgeGuard™** is a sprayed on polyurea edge treatment that provides superior resistance to moisture, eliminates unsanitary food traps and is extremely tamper resistant.
Top edges stay sealed, preventing edges from peeling and chipping.
- ▶ **Powdercoat Finish** creates a harder textured finish that is tougher and longer lasting than conventional paint. *Reduces chips, scratches and rusted frames.*
- ▶ **Wilsonart® Laminates** are abrasion resistant and meet or exceed NEMA specifications.
Less scratching, fading and staining.
- ▶ **Options** are available for frame finishes, EdgeGuard™ colors, stool colors and laminate colors and patterns.
Coordinate with your theme to achieve the desired effect.

Mobile table with usb hub for charging mobile devices

- Untethered power
- 4 USB ports
- SmartEdge technology
- Safe and secure lock access for battery compartment

RE-LOAD™

Untethered table power
for mobile devices

the problem...

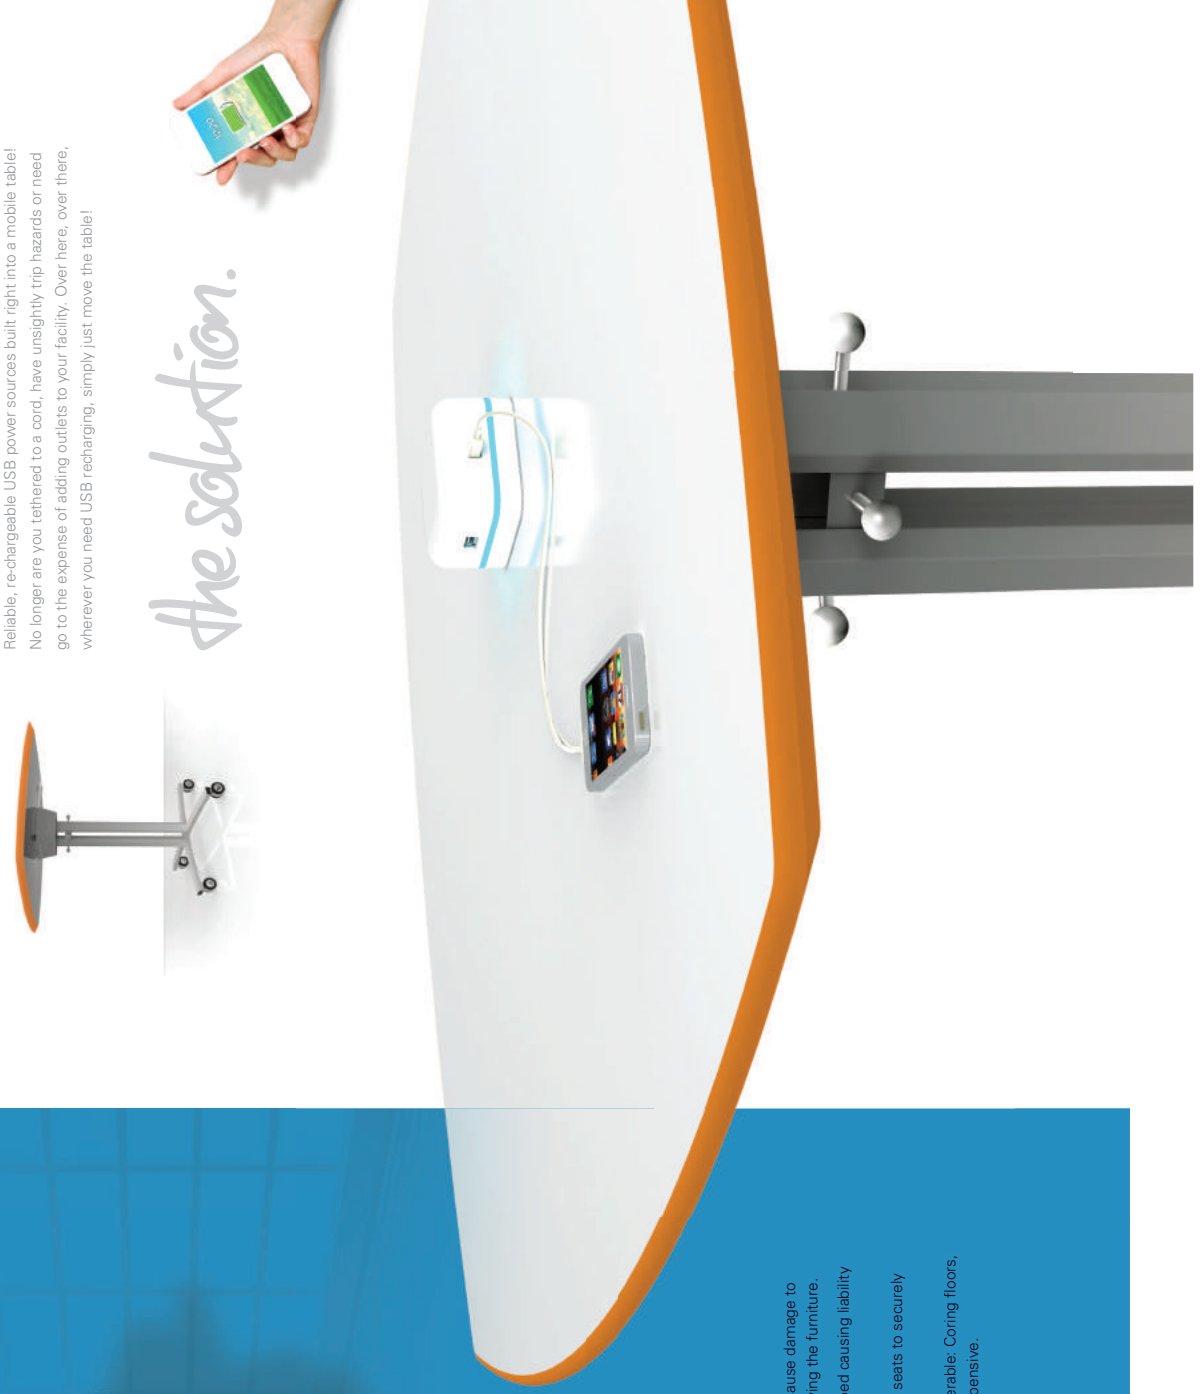

- Moving furniture closer to wall outlets, which can cause damage to furniture, floor covering or injury to the person moving the furniture.
- Too many cords, overloaded circuits and wires draped causing liability and trip hazards.
- Specialized charging stations are often too far from seats to securely charge devices. Worst case result-theft of device.
- The cost to add power outlets to a space is considerable: Coring floors, running conduit, and adding circuits can be very expensive.

RELOAD™

Reliable, re-chargeable USB power sources built right into a mobile table! No longer are you tethered to a cord, have unsightly trip hazards or need go to the expense of adding outlets to your facility. Over here, over there, wherever you need USB recharging, simply just move the table!

the solution.

dazzling details.

The **RE-LOAD** power/recharging unit features one USB port per side (four total) and is available in white, black and light grey. Charge or power any smart phone or tablet. When the battery needs to be exchanged, the glowing blue light becomes a glowing red light signifying it is time to replace the battery with a fresh recharged battery. The charger will cease to charge when glowing red.

RE-LOAD

casters Each **RE-LOAD** table comes equipped with 3" heavy duty stylish casters, suitable for any indoor environment. Glides are available upon request.

backpack hooks Stylish back pack hooks are standard for all pub-height **RE-LOAD** tables.

recharging cart The recharging cart holds up to 8 batteries per cart. Simply place the used batteries on the cart and attach the battery terminals to the individual recharger. Move the cart to a secure area and plug the cart into a wall outlet. All batteries on the cart will recharge simultaneously.

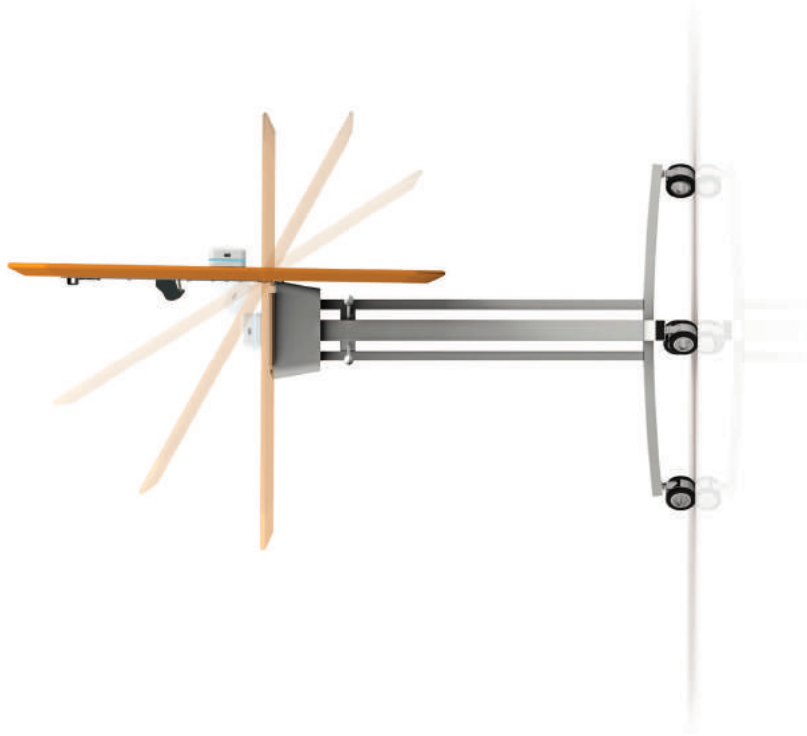

top/edge choices **RE-LOAD**'s contemporary shaped tops are conducive to collaboration and individual space bringing the best of both square and circle shapes together. Tops are available in 24" x 24", 30" x 30", 36" x 36" and 42" x 42" and feature our "SMARTedge" protective edge technology in a knife profile. **SMARTedge** is a poured urethane edge that is not only extremely durable but features an anti-microbial and anti-fungal additive. **SMARTedge** is also a leading green product consisting of 65% by weight vegetable oil, a rapidly renewable resource.

standard and pub-height RE-LOAD is available in two height options, standard table height and pub-height.

safe and secure Only your facility staff has key lock access to the battery compartment.

moveable power anywhere, anytime.

higher ed The higher ed learning environment has an overwhelming demand from mobile students to have access to power to charge and power their mobile devices. Learning and communication is an all day, anywhere reality for today's students.

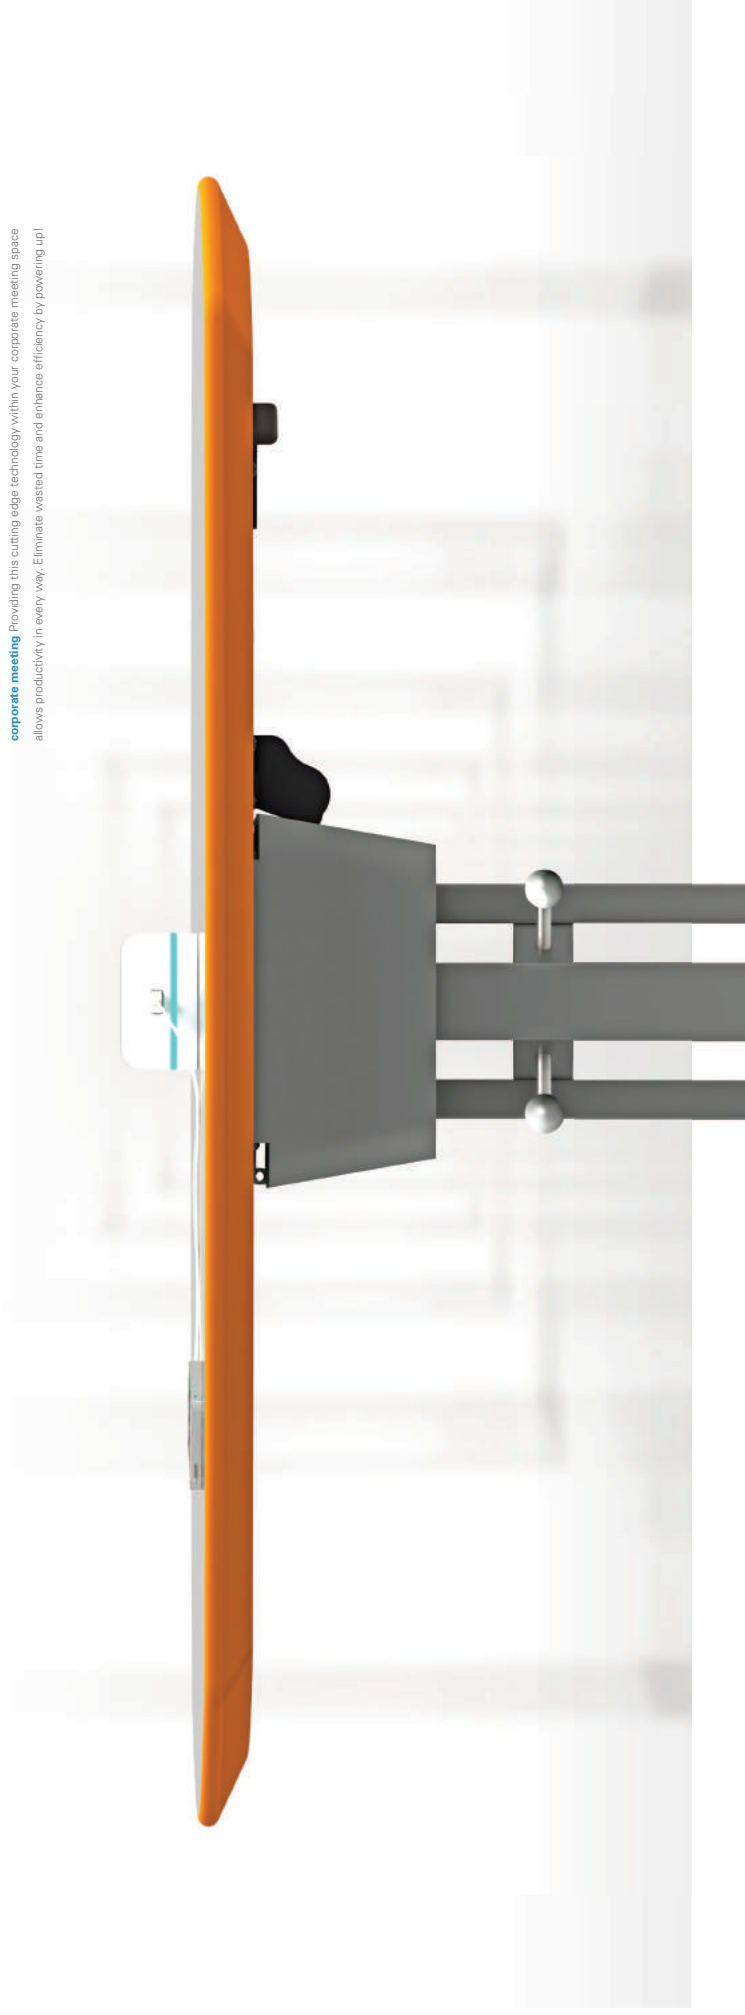

dining Imagine the possibility of diners having the ability to power their mobile devices over a relaxing and peaceful meal. Increase your participation and revenue by offering this service without the cost of running power to every table.

airport Say goodbye to the hordes of travelers sitting on the floor near the limited outlets airports have to offer. **RE-LOAD** not only provides another charging power option, it can also expand seating options by adding mobile tables and chairs. Become the most popular restaurant in any airport by offering power and charging at every table.

convention The need for venue and convention visitors to recharge mobile devices is ever-present. **RE-LOAD** provides a walk up pub-height option that can be placed anywhere without the need for unsightly cords and trip hazards.

reception Giving your visitors a place to power and recharge mobile devices says a lot about your organization. It says you are not only in-touch with today's technology but it also shows you value the need to provide state-of-the-art service.

corporate meeting Providing this cutting edge technology within your corporate meeting space allows productivity in every way. Eliminate wasted time and enhance efficiency by powering up!

RE-LOAD™

choices are good.

untethered Untethered power when and where you need it. **RE-LOAD** moves while you are on the move... no cords, no wires, no worries. Easily replace or recharge batteries with our convenient charging cart.

self-charge The self-charge option maintains the flexibility of a mobile table utilizing charging and power capabilities with an internal battery and individual charger. Simply move the table to the nearest outlet, plug in to recharge the table and, voila, you have portable and fully functioning power table with recharging capabilities.

corded The corded power option allows you the flexibility to move your table anywhere within your facility that has close proximity to an outlet.

RALLY

makerspaces • dining • classrooms/labs • soho • breakrooms

sit or stand,
learn, make,
collaborate

On the cover. Top: Wilsonart® Antique Bourbon Pine; Seats: Wood, Walnut; Frame: Rust Patina

introducing

Style and functionality is reflected in the **Rally™** table.

This table features various top styles; laminate, butcher block, no drip top and epoxy resin to fit your function.

Move as needed to reconfigure your space or connect tables too! Sit or stand... whichever is comfortable for you! **Rally™** is made in the USA!

Top: Wilsonart® Frosty White; Seats: Wood, Black; Frame: Metallic Silver

Top: Wilsonart® Jute Marquetry; Seats: Metal, Black; Frame: Metallic Silver

The optional metal perforated shelf is great for tools, a tool box, backpack or any other items you want to keep handy for your next project.

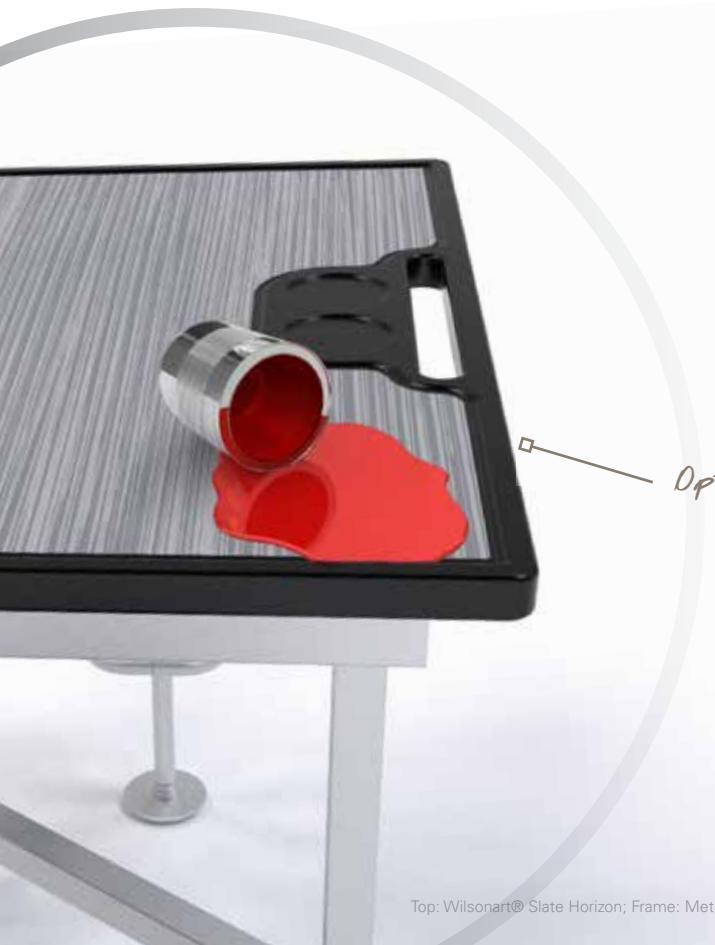

Optional perforated metal shelf

• Reconfigure • Durable work surfaces

Create, collaborate and discover in the Makerspace. Let your imagination run free. Build it with **Rally™**. The optional no drip edge allows for paint or water to be used without the worry of floor spills. The circle inset is great for mugs or cups to rest in to keep the table top space free. Use the handle to hang tools, or as a pull handle to easily move and reconfigure your space for small or large groups.

Design your own Fab Lab. Generate ideas where learning is authentic, engaging and imaginative. Easily integrate technology into a hands-on learning experience. Seamlessly accommodates technology such as 3-D printers.

Optional no drip edge

Top: Wilsonart® Slate Horizon; Frame: Metallic Silver

• Hands-on learning activities • Function

Top: Butcher block; Seats: Butcher block; Frame: Black

Top: Wilsonart® Metallic Silver Oak Ply; Seats: Wood, Black; Frame: Metallic Silver

• Get social • Collaborate

• Engaging environment • Flexible space

Top: Wilsonart® Jute Marquetry; Seats: Wood, Walnut; Frame: Metallic Silver

No drip edge keeps spills on the table for easy clean up. Cup holder inset allows space for drinkware.

Optional no drip edge

The breakroom is where people come together for small informal meetings, to collaborate, socialize and eat. **Rally™** helps create an informal, relaxing environment. Sit or stand in style.

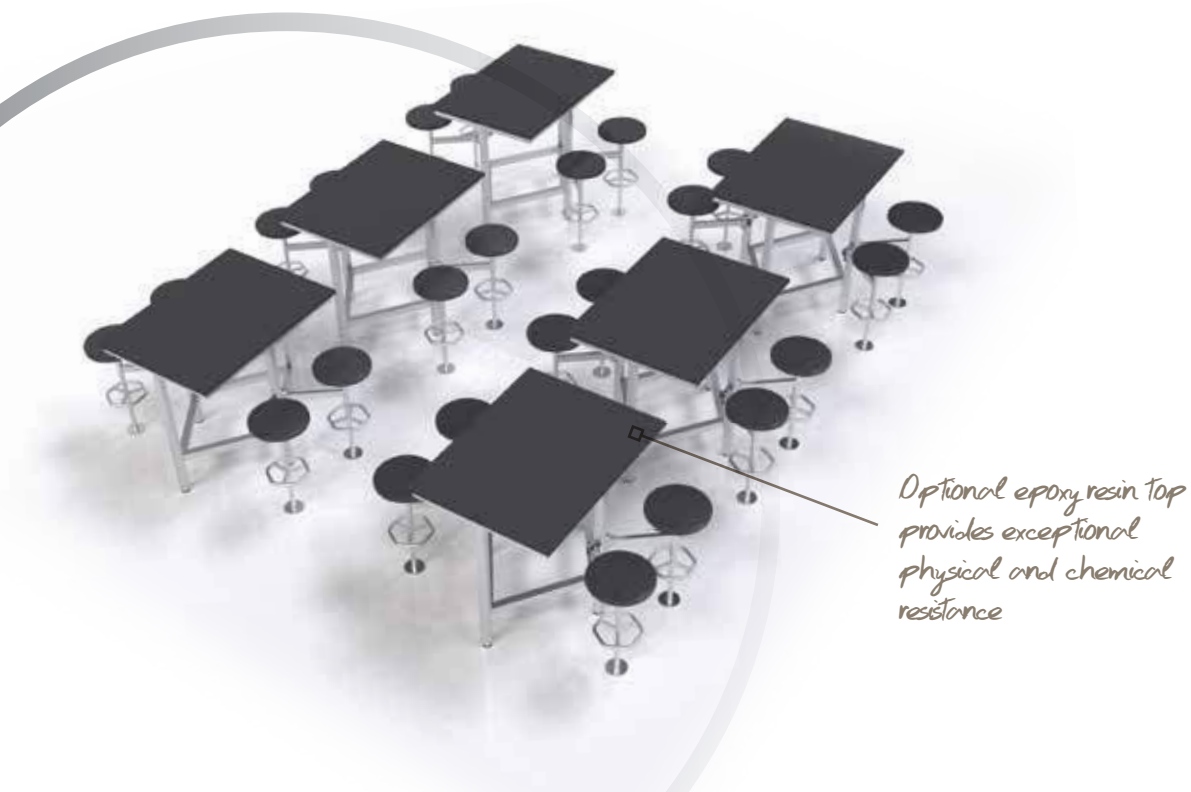

Swing arm seats

Top: Wilsonart® Mill Antique Wood; Frame: Metallic Silver

Work smart. Educate. Stand or sit. Reconfigure your space. Maximize your space by connecting tables. Work in small groups and separate the tables. The epoxy resin top is durable and provides exceptional physical and chemical resistance.

Optional epoxy resin top provides exceptional physical and chemical resistance

labs

- Performance and durability
- Teach, think, learn
- Reconfigure workstations

Optional fabric seats

Standard bag/backpack hooks

Shown above is a rust patina frame finish to create a unique look.
The bag hooks provide a place to conveniently hang a bag.

Create a workspace designed around you. Available in different top options, finishes and seats to fit your style. The PVC edge creates a clean look. Choose from many laminate options, or we can create a custom laminate. Also works great as a dining space in your home office or small office.

• Project/work table • Dine/kitchen island • Options to fit your style

Sit or stand, 42" high. Ideal for the flexible multipurpose classroom.

Standard bag/
backpack hooks

- Sit or Stand • Interactive learning • Reconfigure for daily activities

Rally™ is ideal for multiple use classrooms. The ability to sit and swivel provides the ergonomics needed for individual study. The ability to stand by rotating the stool under the table enhances the hands on learning experience. The ability to stand is critical in creating the right student ergonomics. Casters provide the mobility to create small group collaborative learning while maintaining the ability to create a lecture environment. Backpack hooks are standard with **Rally™** and has wood, steel or fabric stool options.

• Create an experience

• Multi-use space • Easily reconfigure

Optional no drip edge

Flexibility, durability and clean-ability aptly describe how **Rally™** tables can meet the demands of your high use multi-purpose space. **Rally's™** heavy-duty casters make reconfiguration a breeze. The attached stools are time and labor savers. An optional no drip urethane edge laminate top will contain most spilled liquids on the top for easy cleaning. Heavy gauge steel and quality U.S. manufacturing insure that our tables will withstand the rigors of most every environment.

Top: Custom laminate; Seats: Metal, Black; Frame: Metallic Silver

Top: Custom laminate; Seats: Metal, Black; Frame: Metallic Silver

dining

hospitality

• Durable • Industrial design • Connect for larger groups

*Two seat version,
great for against walls.*

The two seat version allows you to add tables along a wall or connect to a four seat version for flexibility.

You too can create some of the hottest environments in Hospitality. **Rally™** helps you create an industrial, loft, warehouse, sports bar or pub space yet keeping it warm and welcoming. The creative design of the table also allows you to maximize space by utilizing wall space and ganging of tables together. Its heavy-duty casters also allow you to reconfigure your space when desired.

Top: Butcher block; Seats: Butcher block; Frame: Black

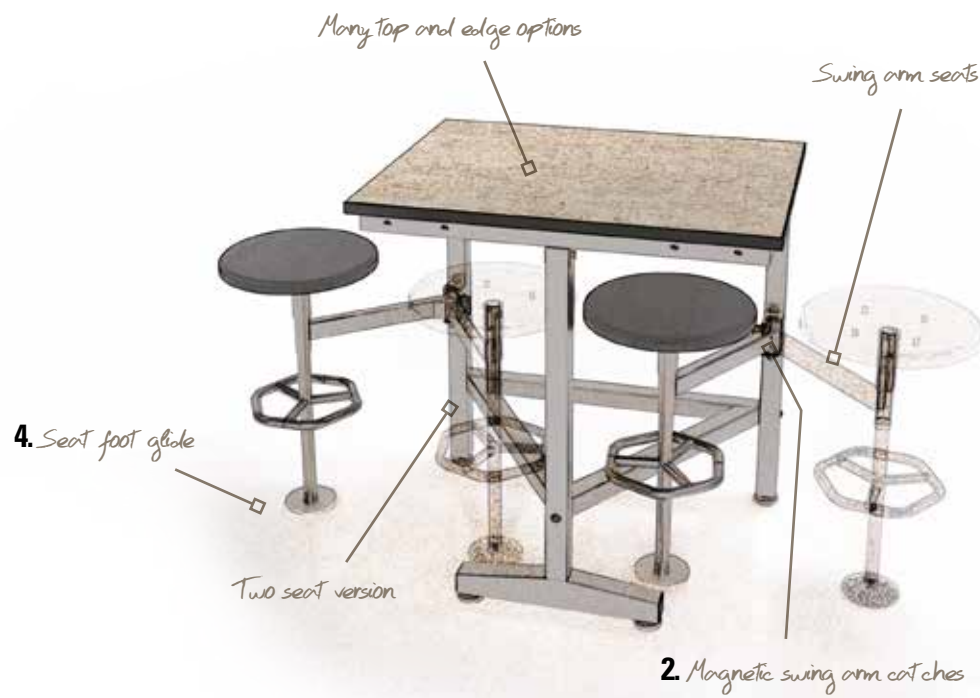

*Butcher block
top option*

One of **Rally's™** finest design features is the ability to maximize the number of people that can be seated in your space while feeling comfortable and not crowded. Imagine having the ability to utilize wall space with a pub height island extending from a wall without having it built into the wall (see below). If you need to move, just unlock the casters and away you go. That same table can be added to another table to expand a table for larger groups. No limit here, just keep on adding to accommodate a growing group.

Top: Butcher block; Seats: Butcher block; Frame: Rust Patina

Top: Wilsonart® Hibiscus Cherry; Seats: Wood, Cherry; Frame: Metallic Silver

makerspaces • dining • classrooms/labs • soho • breakrooms

the details

1. Spring loaded seat base

1. The unique spring loaded seat allows for the stool to be stationary on the floor while seated. When standing, the seat rises for floor clearance and easy rotation under the table.

2. Heavy-duty hinges allow the stool to swing where comfortable for the sitter and under the table when in a standing position. The swing arm features a magnetic catch to hold the stool in position under the table.

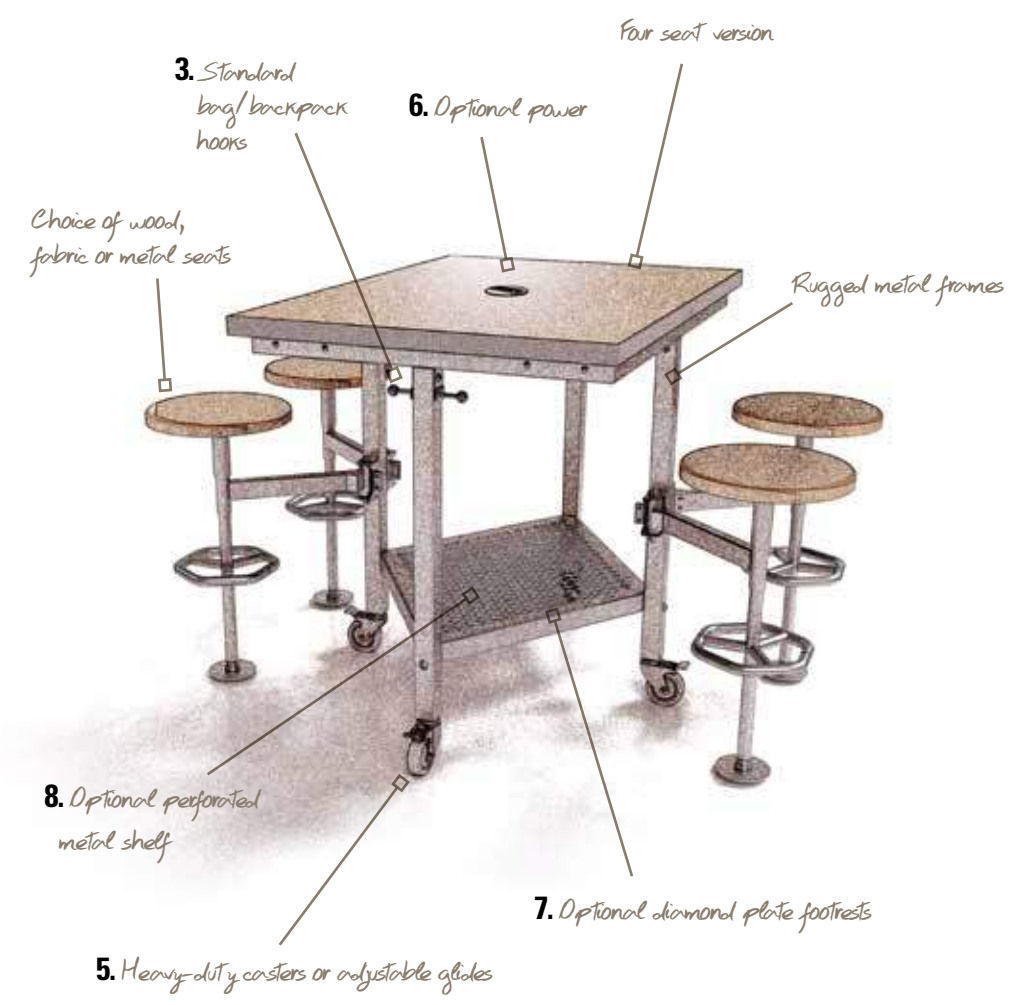

3. The double bag/backpack hooks are a standard featuring allowing for the hanging of four items per table.

4. Wide post bases allow for firm and safe seating comfort.

5. Heavy-duty locking casters are standard on all Rally tables. Optional glides are available.

6. Power your devices anytime with (1) 120v AC outlet and (2) USB outlets.

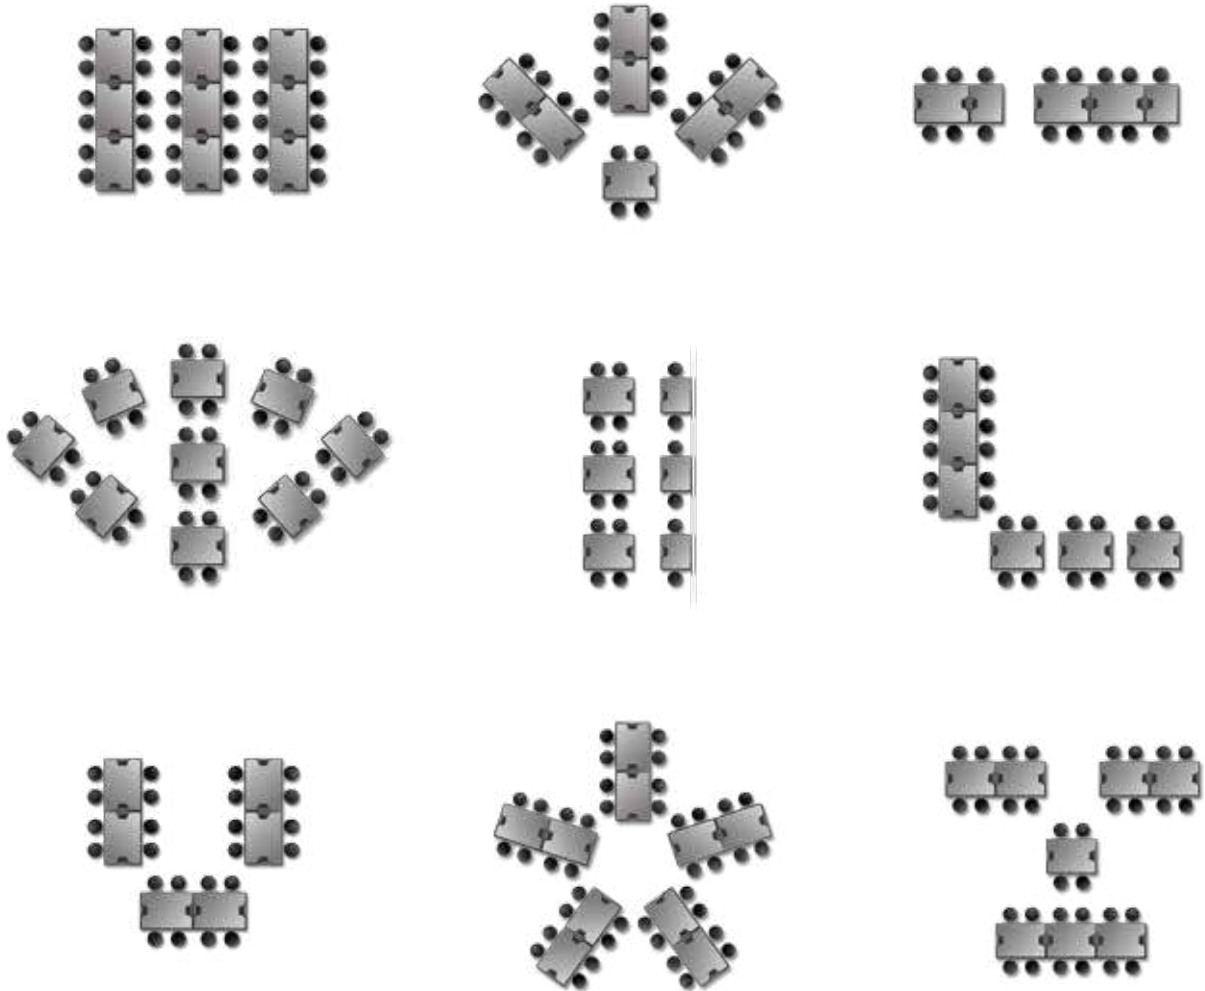

7. Diamond plate foot rests are optional for an even more industrial look not, to mention superior wear and tear.

8. An optional metal diamond design perforated shelf is also available for added storage.
