- 2.** Once PH has your artwork, PH Design will create a template. This normally takes 2 weeks. *Note: Customer approval needed.*
- 3.** Your approved artwork is sent to Wilsonart® where they make an actual high pressure laminate (HPL) sample which is sent to the customer. This normally takes 2 weeks. *Note: Customer approval is also needed on this actual laminate sample.*
- 4.** If changes or edits are needed to the artwork or color, the process is repeated.
- 5.** Once the final laminate sample is approved, the order is placed with Wilsonart. Standard lead times apply.
