tables

Libraries/media centers need to accommodate for many different purposes and be flexible as the space is used for reading, learning, individual study, tutoring, collaboration, meetings, teen centers, etc.

Many table options and configurations are available. Choose from training tables, conversation tables and café tables with power to support the way we learn and communicate in today's world. Use mobile tables that can adapt to the space for the needs at the moment and reconfigure for a different purpose.

RE-LOAD

seating

Make a statement with modern and functional seating options. Choose from chair selections with bright colors, decorative cutouts, and bag notches. All are very durable along with options of stacking, folding, casters and tablet arms.

ESSAY

The circulation desk is the center of your space, serving those working in the space and others that are there to enjoy the space. Be creative with art and colored back panels with many options to choose from. Desks have removable case front and wire management portals in each panel.

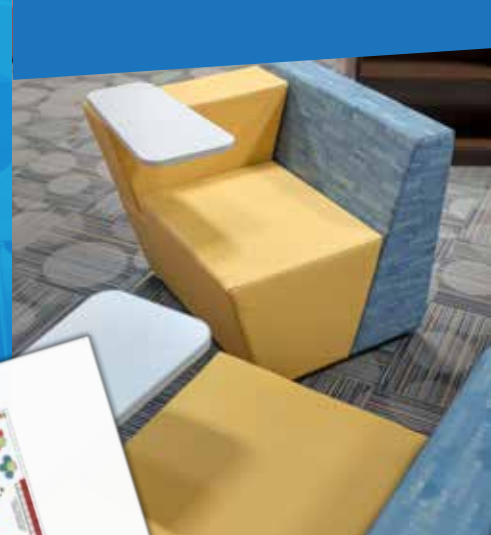

shelving

Choosing the proper shelving is important for function and organization. Based on the needs of your space, there are many choices. Single sided, double sided with decorative center panel options, straight or curved shelving in various finishes. Make the room stand out with interchangeable art to label areas or just to add bright colors and design elements.

Libraries or media centers are more than just a place to read or check out books. It is a social gathering place for teens, tutoring, study groups, meetings and activities for children. The PH Design team can plan your space to create a fun and exciting environment and still have FLEXIBLE furniture to accommodate the needs for various functions.

Palmer Hamilton promotes and provides sustainable design, practices and products in every project. Assistance in "LEED" projects and sustainable practices are a standard part of every facility we design.

Before

"Simply put, the collaborative process associated with the Gatesville Junior High Library renovation was incredible. Not only did Palmer Hamilton Design capture the collective intent of the renovation, but the end product also transformed an old, dingy gym into the learning hub of the building. We wanted to create a space that was a mix between Starbucks and Google, yet focused on the love of literacy. Not only did PH Design meet those expectations, but they also exceeded every aspect while coming in under budget and on time."

Eric Penrod, Superintendent Gatesville ISD
