

# RECEPTACLES

WASTE & RECYCLING

Waste receptacles are built tough and smart.

**HEAVY-DUTY FRAME** is a 12-gauge sheet steel frame that decreases weight while maintaining strength.

WR18-32

WR-32-MICROSHELF

WR18-55

*Waste container and dolly are included!*

**VARIOUS SIZES** available along with other options, including flat top or microshelf. See spec sheet for details.

**HEAVY-DUTY FRAME** is a 12-gauge sheet steel frame that decreases weight while maintaining strength.

**STURDY PANEL CONSTRUCTION** The side, back, top and door panels are 3/4" core laminated on both sides. Tops are constructed of 3/4" core laminated on top and backed with our standard phenolic backer. Durable for many years of use.

**POLY II LOCKING CASTER WHEELS** provide excellent floor protection, abrasion resistance, high impact strength, and easy, quiet operation. They are non-marking and resistant to water, oil and most chemicals. Cabinets and liners move with little effort on these long-lasting casters. Front cabinet casters lock for secure placement.

**WASTE CONTAINER AND DOLLY** All models available with or without the internal trash container on detachable dolly.

**TRAY STORAGE** Tops are sized to hold standard trays behind the waste opening. Properly sized waste opening prevents trays from being discarded. Tops with a smaller opening are available on recycling receptacles.

**CUSTOM TOP OPENINGS** available in standard size oval, square and round openings. See spec sheet for details.

**STANDARD DESIGN SELECTIONS** examples at right. (Note: Upcharge if other options requested)

**EdgeGuard™** All edges finished with our tamper resistant polyurea edge.

 Made in the USA

Poly II locking caster wheels

Waste container and dolly included
