

ESSAY

Our Essay line was developed to augment our design elements for libraries and media centers. Well crafted, high quality pieces add to the function and beauty of your space.

QUALITY CONSTRUCTION

- All of our furniture is quality inspected prior to finishing.
 - Lumber is machine sanded with up to 220 grit sand paper. Flat surfaces receive one additional hand sanding with an orbital sander.
 - All plywood is of the strength and durability as specified by the American Plywood Association. Facing materials are no less than 1/28" thick after sanding. We use 7-ply veneer core oak plywood.
- Ultraviolet curing is used for our sealers and finishes which are applied by a flat line roll coat system or a mist coater to insure a uniform and environmentally safe finish.
 - Our high-pressure plastic laminates (HPL) meet ANSI/NEMA LD3-1991 specifications.

Edges and Ends

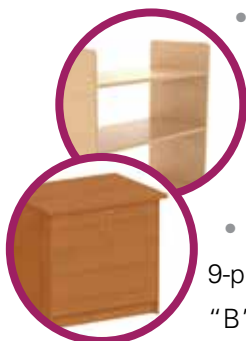

- All ends, partitions and shelves are 1" 9-ply, FSC certified, CARB compliant "A" or "B" grade select hardwood veneer core

and faces in maple or oak.

- All four exposed edges are banded with solid red oak or maple, and shaped to ease edges.
- Units utilize solid oak, dove tailed frames connected to end panels with heavy duty metal bolts and inserts to provide ultimate strength.

Shelves

- Shelves are 3/4" solid oak or maple with groove, or 1" PW, TFL or HPL with edging.
- Units have adjustable shelves.
- Wood shelves are grooved and are not reversible.
- PW, TFL and HPL shelves are not grooved or notched, allowing them to be fully interchangeable and reversible in case of damage or vandalism.
- We use laboratory grade twin pin polycarbonate shelf clips.

Tops

- Two types of tops are offered on shelving units: Canopy (Captured Tops) or Continuous Tops that can be used to cover a run of shelving units 60" in height and lower.
- Canopy tops are offered with the choice of flat or bullnose fascias.

Bullnose

Flat

- Continuous Tops have a laminate top surface.

Backs

- Units come standard with a 1/4" stained wood veneer back panel.
- Optional perforated metal backs available on double sided units.

Finishes

- All units are built upon request and color options are per customer choice.
- Stain colors developed to match Wilsonart® wood grain colors (numbers below color name).
- Standard stain colors shown at right. Other options available with upcharge.
- Non-premium Wilsonart® TFL finishes and Arborite® laminate (HPL) finishes available. Minimum order requirements apply.
- Edgebanding will default to match TFL or laminate selection unless otherwise specified. Customization is available. Minimum order requirements apply.

Stains on Oak Wood

SHELVING

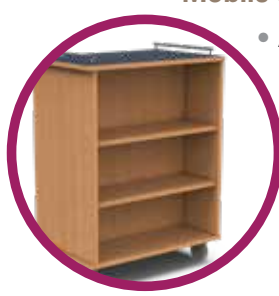

Stationary Shelving

- Available in single- or double-sided versions.
- Can be ordered as starter only, or starter/adder configuration.
 - Available heights: 36", 42", 48", 60", 72", and 84".
 - Standard units are 36" wide.
 - Curved units are available in 42", 48" and 60" heights in either a single side 18" depth or a double sided 24" depth, and available in 36", 42" and 48" widths
- Double faced units available 30" to 84" high, widths 30", 36", or 60". Depth is 24" for these units.

Mobile Shelving

- Available in straight or curved units.
 - Available in 42" or 48" heights.
 - 5" heavy duty exposed locking casters used.
 - Units come standard with a back panel.
- Optional steel perforated back panel available.
- Steel pull handles available as an option.

DESKS

Circulation Desks

- Multiple configurations available.
- Open storage, hinged door storage, drawers, patron ledges, corner units and wheel chair accessible are some possibilities (see page 6 for options).
- Tops are available in all Wilsonart® colors.

Desks and Podiums

- Teacher's desk, study carrel and mobile podium units available.

MISCELLANEOUS FURNITURE

Cabinets

- Mobile cabinets for storage available.
- 66"H x 48" W x 24"D with multiple interior configurations.
- Locks are standard on cabinets with doors and drawers.
- Big Book storage unit and Magazine Displays available.

Book Trucks

- Two heights available: 32" or 42".
- Fixed shelves, angled or flat.
- Heavy duty 5" ball bearing casters attached through the bottom shelf.

Beautifully crafted shelving, desks and cabinets that enhance media spaces

WARRANTY

5 year standard warranty. See our website.

SHIPPING

Most models are shipped knocked down. Circulation Desks, however, are shipped partially assembled in sections. Note that back panels are one solid piece, so the flat

packaging dimensions will be at least the width and length of the highest and / or widest unit. We rarely ship one unit at a time, therefore we package units to utilize the best shipping practices.

Please contact us for the specific shipping dimensions, weight and cost of your order.
