

CHARIOT™

Specs - Chariot™ Go Booth Features, Construction and Accessories

- Seat and back constructed of thermoformed highly engineered, cross-linked continuous cast acrylic sheet with fiberglass inner surface reinforcement.
- Upholstered seat and back optional. Upholstered back requires 2 yards of fabric without a pattern and 2 ½ yards of fabric with a pattern. Upholstered seat requires 3 yards of fabric without a pattern and 3 ½ yards with a pattern.
- Construction – ½" plywood.
- Laminated back construction – ¾" particle board. Total thickness is 5/8"
- Laminate options - Choose your colors from Wilsonart laminates. See their website. Palmer Hamilton standards are most colors in Type 335 laminate and finish type ending in -38 or -60. Exceptions may apply.
- SmartEdge- SmartEdge is a "gorilla tough" poured urethane edge that is not only rugged, but 60% of the material consists of renewable bio-based resource. SmartEdge has antimicrobial additives which include antibacterial and antifungal properties. Black is standard. Other colors available at an upcharge. (SmartEdge standard on Aero tables with Chariot™ set.)
- EdgeGuard™ – Sprayed-on polyurea edge treatment that provides superior resistance to moisture, eliminates unsanitary food traps, and is extremely tamper-resistant. Edges stay sealed, preventing peeling and chipping. Durable for many years of use. Black is standard. Other colors available at an upcharge. (EdgeGuard™ standard on booth's laminated back panel.)
- Gas spring assist mechanism - ease of folding operation with a controlled open rate. No rub from bench to back when folded or stored.
- Frame – 16 Ga. 2" Square Tubing structure in Black, Metallic Silver and Chameleon.
- Casters – 3" diameter with lock.
- Weight capacity 500 lbs. per bench.
- Available lengths – 42", 48" and 60"
- Seat height – 18"
- Seat depth – 17 5/8"
- Total depth – 24"
- Seat back height – 38"
- Folded depth – 16"
- Available in single or set.

- **Note:** Table shown above with Chariot™ Go Booths above is the Aero GO table. Please visit www.palmerhamilton.com for more information.

CHARIOT™

CONSTRUCTION

- Table tops are standard weight 1 1/8" M3 industrial grade particle board with HPL (decorative laminate) on top side and a balanced phenolic backer on the bottom.

FRAME

- Vertical posts for all tables are 4" diameter, 14 gauge steel, except tubular T-base models, which use 2" diameter, 16 gauge material.
- The posts use an 11 gauge mounting plate. Tubular T frames are mounted to tops with 7 gauge mounting plate.

BASES

Tubular T-Base

- Tubular foot is 2" diameter, 16 gauge steel
- Used on rectangular and wave top tables of many sizes, standard, and pub heights.

Folding Tubular T-Base

- Tubular foot is 2" diameter, 16 gauge steel with plastic end caps.
- Mounting mechanism is a 10" x 10" square sturdy composite structure.
- Foot options: standard glides 5/16" – 18 thread x 1.5" diameter or built in casters ("GO" base), tilt up and go.

- Sturdy folding mechanism with our attached tubular T-Base manufactured in the US.

Flip-Base

- Tubular foot is 2" diameter, 16-gauge steel with plastic end caps.
- Mounting beams are formed 16 gauge square tube steel spanning length of table.
- Foot options: standard glides 5/16" – 18 thread x 1.5" diameter or built in casters ("GO" base), tilt up and go.
- Great for nesting tops when space is limited.
- Flip work surface up by releasing under mount handle.

Tubular X-Base

- Tubular X-base is 2" diameter, 16 gauge steel with welded end caps.
- Vertical column is 4" diameter, 14 gauge steel
- Mounting plate is 8" x 8" square, 11 gauge steel.
- Foot has standard glides 5/16" – 18 thread x 1.5" diameter.
- Available in standard and pub heights.

- Fiberglass Color Options - Standard (updated May 2023)

Obsidian

Graphite

Ruby

Lapis

Cappuccino

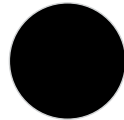

Dusk

Steel Gray

- Frame Options – Standard colors below; see website for non-standard list.

Black Textured Powdercoat

Chameleon Textured Powdercoat

Metallic Silver Powdercoat
