

Revolutionary mobile booth system

- Easily reconfigured
- Nestable
- Lightweight
- Dual-wheel casters
- Fixed version

CHARIOT™

The need for dining spaces to serve multiple roles requires dining furniture to be more mobile, flexible, easy to reconfigure and store. Existing furnishings do not accommodate that very well, that is until today. Introducing a revolutionary mobile, fold-able booth system called **CHARIOT**. The mobile **CHARIOT Go Bench** features a seat that folds up and built-in casters allow the whole bench to be wheeled away for easy reconfiguration or storage.

booth and table

The contemporary styled **CHARIOT Fixed Booth** system features, a heavy-duty frame built to withstand the rigors of heavy use and a clean out gap between the seat and back for easy cleaning and maintenance. Combining the CHARIOT fixed version with the Go Table and chairs add style and flexibility to your space.

Pair our **CHARIOT Go Booth** with our **Aero Go Table** which features built-in casters that, when stationary, are rigid and do not move. The casters are activated by picking up the end of the table, allowing it to be easily moved. The tops feature an antimicrobial, antifungal and highly durable urethane "SMART Edge" that will not allow liquids to gather or seep into the seam between the laminate and the edge. Available in fixed, folding and flip-top versions.

See our website for more information.

CHARIOT seat back panels are available in different heights and shapes and are customizable.

Flexible- The CHARIOT system adds the ability to move and change your dining facility as required. You can go from a traditional cafeteria setting to a training setting to a public seating setting very easily, all with the same furniture.

Cool- the CHARIOT system allows for age-appropriate design that accommodates more students with increased seating and managed traffic flow creating an inviting, safe and fun environment for all to enjoy.

Durable- The CHARIOT system and all of Palmer Hamilton's dining products are manufactured to withstand the rigors of high-use dining. With over 100 years of dining design experience we know what it takes for your furniture to last. We guarantee it!

Fiberglass seat and back is perfect for heavy-use applications. Choose from our palette of popular colors. See our website for the full, current list. Backs and seats can be of different colors.

Fully upholstered seat and back is ideal for creating that perfect image. Choose from our standard fabric offerings or supply your own fabric or vinyl.

Fiberglass seat and a upholstered back gives you the durability you require while allowing for the higher-end look your desire.

Upholstered seat and a fiberglass back allowing for maximum comfort, high durability and easy cleaning.
