

TAHOE

Tahoe is a modular system that allows for limitless combinations in lounge seating.

FEATURES

- Wide array of shapes for flexible design options. Straight and curved modular pieces, with or without backs, power options.
- Line includes occasional tables with laminate tops to sit next to or in the middle of a seating section. Cushions available.
- Curved lounge pieces and rounded end units create fluid seating areas without abrupt edges.
- Backless lounge seating in rectangles, squares, curves, and pie shaped seats provide insets to create multiple seating arrangements, and round pieces add extra seats for tables, center spaces or room accents.
- Metal legs make cleaning around and under the furniture simple.
- Choose from Palmer Hamilton's wide array of upholstery fabrics and laminates for table tops with PVC edging.
- Materials have been selected for longevity and comfort.

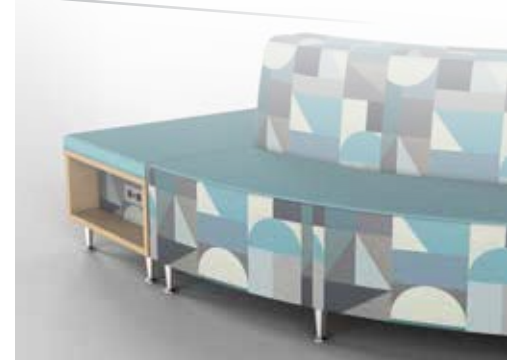

SEATING MATERIALS

- The lounge frames are constructed using CNC precision cut 7/8" furniture grade plywood components and are stapled together for strength and durability.
- The seats are strapped with Elaseb® Elastic Webbing and commercial quality 3" polyurethane foam on the seat top for comfort, 2" foam on back, and 1/2" thick foam on the front and sides.
- Fabrics of Grade 2 or higher are recommended. Selections up to Grade 10 available. Options include over 50 standard fabrics and hundreds of designer fabrics to choose from. See our website for selections.
- Contrasting fabrics are available for all upholstered modules. When selecting contrasting upholstery, clearly specify

which fabric should be used for the base, seat and back. Use the higher grade for pricing purposes.

Tables are offered at varying heights to provide seamless solutions with options for top cushions and inset fabric panels to add a cohesive look.

- Typically we use fabric "Up the Roll" with any stripes/pattern going from front to back. Please contact us with any special requests or instructions.

COM FABRIC POLICY

- We accept Customer Own Material (COM) with some restrictions.
- A sample swatch should be sent to Upholstery Department

- Palmer Hamilton takes no responsibility for tailoring, wear-ability or application of COM fabrics and textiles. Any warranty claims will fall to the original vendor of the material.

LEGS ON SEATING AND TABLES

- Metal legs are 4-3/4" tall, 1-11/16" diameter turned aluminum with securely attached to furniture frame with a sturdy metal threaded rod.
- Legs have a felt pad on bottom to protect flooring.

OCCASIONAL TABLE MATERIALS

- The occasional tables are constructed of 1-1/8" particle board core with high pressure laminate on both faces and a 3mm PVC external band on all visible edges.

Curves and pie shape end pieces create seating options with inventive layouts.

- Grade 1 laminates are standard, with options for higher grades, upcharges per the price list. See our website for options.
- Customers can choose one laminate style per table.
- Tables are constructed with an recessed panel on both sides.

- The top cushions are attached to the tables with industrial hook and loop tape.
- Top cushion is designed to be at same height as seating when 16"H unit is used. 18" unit is approximately seat height.
- Fabric inset panels are permanently attached.
