section 1

19F Mobile Cafeteria Table with Benches
Easy to operate. Features field-adjustable tabletop heights, and patented anti-glide legs.

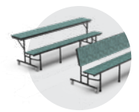

63T Mobile Cafeteria Table with Benches
Easy set up. Strong, more durable. Premium features and functions.

60T Mobile Cafeteria Table with Stools
Folds flat, allowing it to be stored in less space.

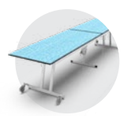

59TV Mobile Cafeteria Table with Benches or Stools
The 59TV is one of the easiest lifting tables on the market. Lighter weight.

34M Mobile Cafeteria Convertible Table to Benches
Converts from benches to tables. The ultimate in use flexibility. Foldable and nestable.

59T Mobile Cafeteria Table in Multiple Shapes
Provides the largest number of shapes and seating options. Standard height door clearance.

23M/MT Mobile Foldable Table
Simple and versatile mobile tables. Standard height door clearance.

23M/MT Mobile Cafeteria Foldable Flip Top Table
Adjustable legs from early childhood to wheelchair–accessible heights. Flips for easy storage.

PHlip™ Mobile Cafeteria Flip Top Table
Easy operation, flips down slowly and safely. Nestable.

Wall Pockets Tables and Benches Fold into Wall
Free up dining space for other activities. Safety First—five locking points.

palmerHAMILTON | CAFETERIA TABLES

19F

Mobile Cafeteria Table with Benches

Packed with features and value.

LIFT ASSIST SYSTEM with compression springs make this table easy to operate. **HEIGHTS**, from 27 to 30 inches, can be adjusted in the field. **FOLDS FLAT** for minimal storage space, fits through a standard 7' door, and has patented **DOUBLEGUARD® CASTER** system to prevent tipping while moving over thresholds and uneven floors.

8', 10', and 12' lengths available.

EdgeGuard™ is a durable self-healing edge of sprayed on polyurea, takes years of heavy use from energetic students.

BUILT TO LAST

The design features patented anti-glide legs and a robust unitized steel frame, ensuring long-lasting durability.

COMPACT STORAGE

Six tables in less than a 5'x8' footprint, with additional tables adding 11" to the depth.

palmer HAMILTON

CAFETERIA TABLES

63T

Bench Cafeteria Table

High quality from feet to tabletop.

The 63T is light weight and easy to lift.

This premium frame is **ENGINEERED WITH A DOUBLEGUARD®** wheel system (UL anti-tipping compliant), torsion bars and springs for reliable folding assistance, and end leg assemblies featuring center wheels for optimized weight distribution.

COMPACT STORAGE Three tables require less than a 5.7′ x 5.5′ footprint. Additional tables add 19″ to the nested depth.

Available in wave top.

8′, 10′, and 12′ lengths.

The 60T folds flat, allowing it to be stored in less space.

60T

Mobile Cafeteria Table with Stools

Built with reality of cafeterias in mind.

EASY TO SET UP, clean around, and store. **LATCHES** are designed for safety and ease of use. Accessible from both sides, folding is convenient without walking around the table. Two-stage latches have safety stops and locks in place for moving and storage.

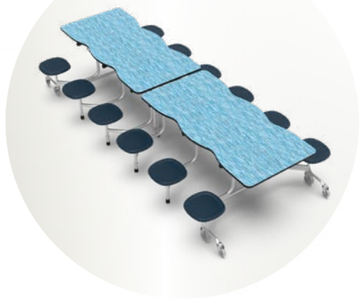

CENTER LEGS add strength and support for lightweight tables.

8′, 10′, 12′ lengths. 12′ wheelchair accessible table available.

COMPACT STORAGE with 3 tables in 6′x6′ footprint; additional tables add 18.5″ to nested width.

Wave shape tops available.

palmer HAMILTON | CAFETERIA TABLES

59TV

Mobile Cafeteria Table with Benches or Stools

Built with reality of cafeterias in mind.

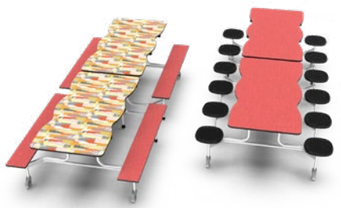

EASY TO SET UP, clean around, and store. Latches are designed for safety and ease of use.

ACCESSIBLE FROM BOTH SIDES, folding is convenient without walking around the table.

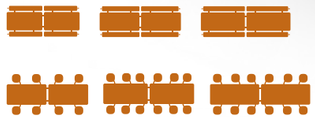

TWO-STAGE LATCHES have safety stops and locks in place for moving and storage. Center legs add strength and support for lightweight tables.

The 59TV is light weight and easy to lift.

Available in wave top with both benches and stools.

8', 10', and 12' lengths for both bench and stool tables.

palmerHAMILTON

CAFETERIA TABLES

The 34 series converts to benches and/or tables.

The ultimate in use flexibility.

Foldable and nestable.

Center legs on 6′ and 8′ model benches add load-bearing capacity.

Dropleg design allows for wider tabletop, shorter caster beam for easier access and smaller storage space.

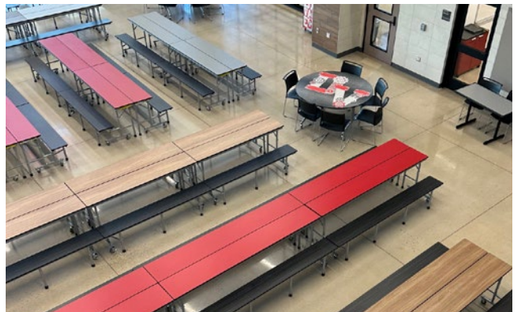

34M

Mobile Cafeteria Convertible Table to Benches

Converts from table to bench to storage.

FLEXIBLE DESIGN that transforms from table to bench to easy storage. Two units together form a standard bench table, with joining accessory to hold in place, and two benches face to face with a table in between offer a booth configuration. Smaller lengths, shorter height, secure frame with easy folding make this table perfect for a multi-purpose room that hosts lunch, seminars and sports events.

Lengths of 4′, 6′ or 8′, heights of 25, 27, 29 and wheelchair accessible 30 inches.

palmer HAMILTON | CAFETERIA TABLES

A shape and configuration

to fit every need.

Folds flat for the best storage dimensions. Fits through standard 7′ doors.

59T

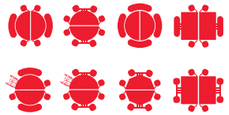

Sturdy Mobile Cafeteria Tables in Multiple Shapes

Multiple shapes and seating options.

Tables built with the **BEST MATERIALS**, strong frames, high quality lifting mechanisms in shapes to add interest and seating configurations to your space. 27″, 29″ or 32″ heights, wheelchair accessible units available.

Available in 8′, 10′ and 12′ lengths.
Heights 27″, 29″ and 32″ (Wheelchair accessible)

A shape and configuration to fit every need.

palmer HAMILTON

CAFETERIA TABLES

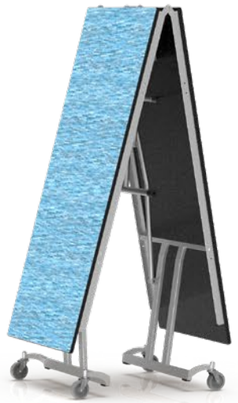

"H" or "T" leg configurations for varied seating and floor plans.

The 23M's are simple and versatile mobile tables. Standard height door clearance.

Standard height door clearance.

23M/MT

Foldable Mobile Table

Simple, foldable table.

BUILT WITH OUR BEST QUALITY MATERIALS, the ¾" top and strong unitized frame provide long life with a simple to use design.

SAFE TABLE OPERATION with center latches that automatically lock in up or down position.

Available in 8', 10' and 12' lengths.

palmer HAMILTON | CAFETERIA TABLES

22M/MT

Foldable Tables with Multiple Shapes

Unitized frame allows unique leg options.

Adjustable legs from early childhood to wheelchair– accessible heights.

INTERESTING TABLETOP SHAPES with convenient features for flexible cafeteria seating, our 22 Series tables have sturdy ¾" board with HPL laminate to coordinate with your décor. The unitized frame adds strength and durability, and folds flat for easy clearance in standard doorway and small storage footprint.

Legs adjust in 1" increments from 25 – 31" on variable height models for early childhood and wheelchair accessible sites.

"H" or "T" leg designs to meet seating options.

Available shapes.

Tough corner-surrounding SMARTedge and EdgeGuard finishes available.

pHlip™

Mobile Cafeteria FlipTable

Mobile cafeteria flip top table.

Round tables in 36, 48 and 60" top sizes, 30 and 42" heights with stylish leg design. Engineered for stability, even at 42" high. Tabletop glides easily to storage position.

Available in 36, 48 and 60" round tops.

palmer HAMILTON | CAFETERIA TABLES

Wall pockets free up dining space for other activities.

Available in four different lengths.
14′ (1 set, seats 16-20)
28′ (2 sets, seats 32-40)
42′ (3 sets, seats 48-60)
56′ (4 sets, seats 64-80)

Wall Pockets

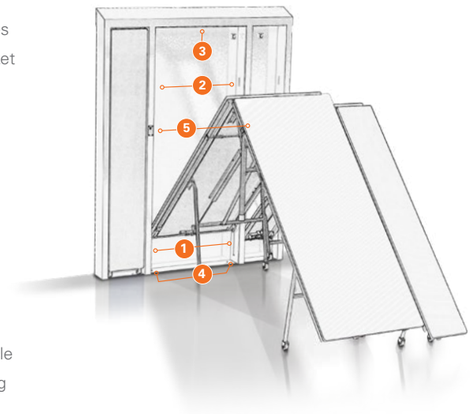

Tables and Benches Fold into Wall

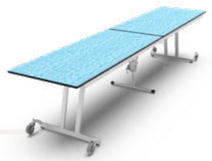

The answer to multiple use spaces.

SOLID, LONG-LASTING construction of tables, benches, frames and pockets fold into walls neatly with a professional, finished look. Custom designs can accent or fit subtly into environment. A single 14 foot table and bench system stores in just 6″ of depth. Available in double, triple and quad units.

MULTIPLE LOCKING SYSTEM

1. **Lower Track-Lock** holds and releases table and benches to inner edge of pocket
2. **Upper Bolt Track-Lock** guides table and benches as it approaches fully folded position
3. **Z-Lock** captures and secures tables and benches at top of pocket
4. **Storage Latch** at bottom safely captures full folded table or bench into bottom of pocket and releases for first step of unfolding
5. **Mullion Locks** with keys secure table and benches in storage position, keeping unit inaccessible from unauthorized use

palmer HAMILTON

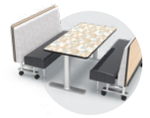

As schools embrace new cafeteria trends, Palmer Hamilton is meeting the challenge by designing durable tables and booths built to withstand heavy use. Our collaborative and conversational furniture features bold design lines that work seamlessly together or as standalone pieces in high-traffic spaces such as cafeterias, media centers, reception areas, hospitals, and restaurants.

MADE IN THE USA

conversation/ collaboration tables

Fits Through Standard Doorways (Standard)

Kick Plates (Option)

Power (Options)

Hooks (Standard)

Shelf (Option)

Seats Swing (Standard)

palmer HAMILTON

CONVERSATION/COLLABORATION TABLES

inspiration™

Collaborative and Benchwork Table

Sturdy design with an open look.

One tough table, with versatile function.

A STRONG, VISIBLE POWDER-COATED FRAME IN MULTIPLE HEIGHTS (including wheelchair accessible), widths and depths put this table in settings that need a clean surface for work, dining, or conversation. 4" lockable casters (standard) can be replaced with glides.

Heights 30, 36, 42". Lengths 72, 84, 96". Widths 24", 30, 42".

Laminate or butcher block tops

30, 36, 42" heights

Glides (standard) or optional locking casters

SYNERGY

Collaborative Two-Sided Table

Two-sided seating with strong design for formal look.

A 2-INCH SQUARE FRAME, covered by standard laminates, butcher block, or custom logo surfaces with durable EdgeGuard or PVC edging bring synergy to collaborative spaces with lasting durability. Power options enable convenient charging while working, and the 72", 84", and 96" lengths offer comfortable seating, including wheelchair accessibility.

Designed for two-sided seating making colaboration simple.

Heights 30, 36, 42". Lengths 72, 84, 96". Widths, 24, 30, 42".

Customize top and side panels

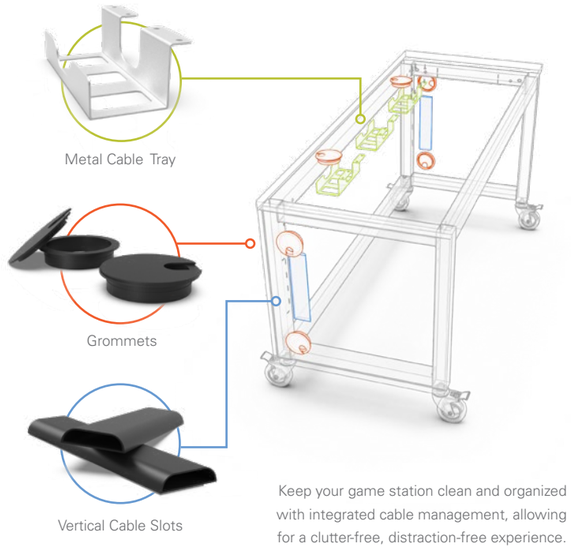

palmer HAMILTON

CONVERSATION/COLLABORATION TABLES

Heavy-duty gaming tables with built-in cable management

Keep your game station clean and organized with integrated cable management, allowing for a clutter-free, distraction-free experience.

Heights 30". Lengths 36, 42, 60, 72, 84, 96". Widths, 24, 30, 42 (two sided), 60"(two sided).

harmony

Collaborative esports Table

A table designed for gaming.

OUR ESPORTS TABLE has a sturdy frame along the front edge to support hard use and heavy equipment. Integrated cable management can be added to keep stations organized. Customize laminate panels with team logos or multiple colors to enhance the your space. **FURNITURE FOR THE WHOLE ROOM** Complete your esports space by adding engagement and conversation areas using a variety of soft seating, tables and gaming chairs.

daisy RESPAWN

palmer HAMILTON

CONVERSATION/COLLABORATION TABLES

The whiteboard laminate is standard on the storage tops. Remove the tops, and store on the side of the table when not in use

discovery

Collaborative table with Built-in Storage

Built-in storage for activity spaces.

The Discovery table is perfect for a work station where shared parts can be used and scooped back into the **SPACE FOR EASY CLEAN UP**. The bin covers are whiteboard laminate for keeping track of parts or project notes, and they store on the sides of the table. The legs coordinate with our Story tables, and the table heights align with our Method chairs for small kids (25" table) or standard (30" height)

Pairs well with the Method chair.

Available in 25" and 30" heights. 72" length.

palmer HAMILTON

STORY

Unique Based Tables of Multiple Heights

Unique leg design adds style to any space.

The Story table is available in heights from 16" coffee table, to 29" standard, 36" counter and 42" pub height, **MAKING IT A PERFECT OPTION FOR A MULTIPURPOSE SPACE** where seating is varied. Round, squircle and 48 to 72" rectangular top sizes add to the versatility. **BACKPACK HOOKS** are standard on all tables except the shortest.

Customization with unique laminates and personalization available for all sizes.

ALLOY

Tough Economical Café Tables

Custom shapes, sizes and heights.

Sturdy columns with **DISC OR T BASES FOR STYLISH CAFÉ LOOK** in standard and pub heights. SMARTedge and Edgeguard finishing ensure thorough cleaning and eliminate the need for tablecloths, offering a hygienic and convenient surface. Squares, circles, triangles, rectangles and wave top designs provide options for a unified design in your space.

The Alloy series tables are available in Disc base and T-base styles.

RE-LOAD™

Mobile Tables with Built-in Power

Mobile table with USB hub for charging without cords.

ENCLOSED BATTERY ALLOWS TABLES TO BE PLACED ANYWHERE, free from outlet constraints, and enables phone or tablet charging. Tabletop folds to vertical for easy storage, and convenient staff access for battery recharging or replacement.

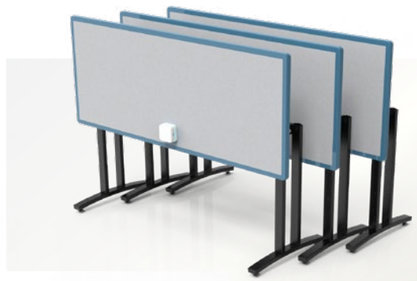

CORDED POWER OPTION AVAILABLE.

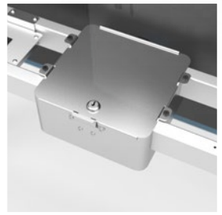

Reliable, re-chargeable USB power sources built right into a mobile table!

Recharging cart holds up to 8 batteries. All batteries charge from one plug.

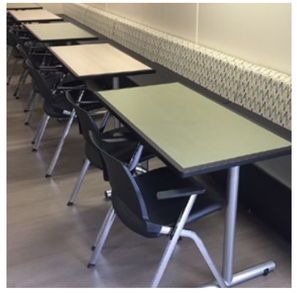

Battery compartment is securely locked. Facility staff holds key for access.

So many solutions

with so many choices

aero

Versatile Tables to Coordinate in Many Spaces

So many solutions with so many choices.

The Aero line was developed to fit with our booths, chairs and soft seating products. **STURDY LEGS WITH MULTIPLE BASES**, well-designed glides to adjust to uneven floors, **FLIP-TOP VERSIONS AND EMBEDDED CASTERS** are just some of the options in this line.

Choose from black or silver mesh, or phenolic laminate modesty panel.

Flip-top makes nesting easy.

The AERO GO version makes the AERO even more mobile. Just lift a table end to activate the casters. When the table is in the down position, the casters automatically lock.

palmer HAMILTON

Covey

Indoor/Outdoor Cluster Seating

Great for food courts.

Materials for this line were selected for **DURABILITY AND USE IN HIGH TRAFFIC AREAS**. Indoor laminate tops have EdgeGuard, SMARTedge or PVC sealed edges for easy cleaning. **FIBERGLASS AND CORIAN® MATERIALS FOR OUTDOOR** uses are UV and weather resistant. Strong, sturdy powder coated frames are available with glides, surface mount or cored-in installation options. Standard fixed seats come in wood for indoor use and fiberglass for outdoor settings, with **OPTIONAL SWIVEL SEATS**.

Custom graphic tops available on laminate and round fiberglass tables.

Wheelchair-accessible options

Umbrella option available on select models.

Pub height tables available without attached seating. Shown with the Tiki chair.

palmer HAMILTON

CONVERSATION/COLLABORATION TABLES

Industrial style with a strong frame design holds up to use and the elements.

Multiple lengths of benches.

Picnic style for indoors or outdoors.

Butcher Block tops and benches for indoors.

Pub height tables for indoors or outdoors.

Umbrella holes on all outdoor 30″ tables.

Works in almost any setting — cafeterias, corporate seating area, bar/restaurant.

CENTRA

Indoor/Outdoor Table and Benches

Workbench look with picnic table option.

The Centra line offers a **CASUAL WORKBENCH AESTHETIC**, ideal for cafeterias, classrooms, or public spaces. Its A-frame design is built from 16-gauge, 2″ square tubing with a durable baked-on powder coating, available in three standard colors and various custom options. Equipped with **GLIDES (STANDARD) OR CASTERS**, these tables allow for adaptable room configurations, while anchors can provide specific placement. **INDOOR TOP OPTIONS** include laminates with EdgeGuard or PVC edges. Custom graphics are available, and we offer Butcher Block tops and benches. **OUTDOOR TABLES/BENCHES ARE DURABLE, UV RESISTANT** and eco-friendly long lasting recycled poly board (HDPE).

palmer HAMILTON

CONVERSATION/COLLABORATION TABLES

GETZEN

Metal/Concrete Outdoor Furniture

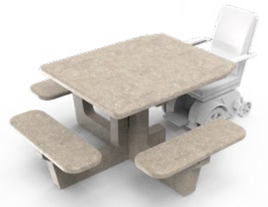

Options for parks, schools, corporate spaces.

From our versatile **GETZEN THERMOPLASTIC COATED METAL** to the architectural **GETZEN CONCRETE** pieces, we offer a full range of tables, seating and waste receptacles for outdoor spaces. Community gathering is enhanced by several wheelchair accessibility options.

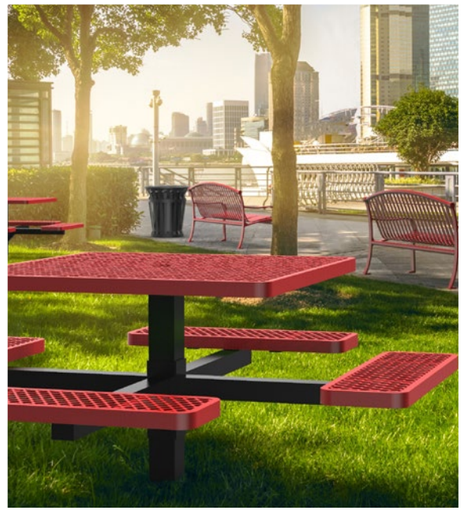

Weatherproof coated metal furniture in expanded, perforated or welded metal styles and with 16 color options fits into park, dining and rest area settings.

Sturdy, weather-resistant pieces, with a palette of subtle earthy colors coordinates with buildings or floor surfaces. Styles from traditional to contemporary, Getzen concrete pieces add beauty to outdoor spaces for learning, dining, relaxing.

Our Getzen line offers many wheelchair accessible tables to maximize full community inclusion.

palmerHAMILTON
